

**Flint
Public
Library**

A Service of the Flint Board of Education

February 18, 1998

The Flint Public Library prides itself on presenting the highest level of programming for both adults and children. Frankly, we expect all of the presenters invited to appear at our library to be first class. With that said, the staff was still excitedly talking about Dyna-Mike and his motivational magic show a day after his appearance here.

The nearly 100 children in attendance at the magic show were absolutely enthralled by Dyna-Mike's magic. There were shouts of enjoyment and collective oohs and aahs as he produced a rabbit, bird, chinchilla and even a ferret out of thin air. The staff in attendance were very pleased with how much the children enjoyed the show but they were even more impressed with how Dyna-Mike effortlessly wove a message of self-respect, high self-esteem and self-reliance into his magic show.

The children who were in attendance were not only entertained but received an important lesson on making something out of their life and viewing themselves in a positive light. Dyna-Mike not only put on a winning performance but every child who watched him perform left the library thinking that they were winners. Dyna-Mike's motivational magic show should be made a mandatory assembly program for every elementary school in Michigan.
