Dear Mike:

Thanks for the great performance on Safety Funday, February 17 at Southland. By the end of the performance the children definitely knew the magic words of the day, "Safety is everything". There must have been over 300 parents and children watching your show. You did a great job of incorporating our theme, child safety, into your performance.

Thanks for the entertaining and educational magic show. I will phone you when we again need children's entertainment.

Sincerely,

Melody Armstrong  
Marketing Coordinator
