To Whom It May Concern:

Magic Mike has been performing his art at our restaurant for almost 3 months now and has become a great asset for us. He entertains both the adults and the kids. They all seem to love him. He performs mainly on Friday & Saturday nights. He has also come in and worked the occasional Thursday & Sundays. I know he would be a great asset to anyone of any ages that were interested in his abilities.

Sincerely,

Charles F. Williams III  
General Manager
